

In August of this year, flood waters engulfed the Baton Rouge area of South Louisiana. In nearby Denham Springs, 80-90% of homes were flooded and several schools were badly damaged, including Denham Springs Freshman High School, which was pretty much destroyed. The school is currently sharing space with Live Oak Middle School because their building is uninhabitable. Many, if not most of the teachers, faculty, and staff have damage in their own homes as well, so we are seeking to help tend to their needs on the school side so they can concentrate on taking care of their family needs. The school has lost much and needs plenty. Thread Heads, we are asking you to help us “Thread Up” and move to the need of our brothers and sisters in Louisiana.
